SUN BEAMS

By WALTER M. BARRETT

We don't want to believe that because they did not appear at the previously announced chamber of commerce meeting is any reason to assume that the sportsmen and others who should be interested in the continued development of one of the district's greatest assets—fish raising—do not want the program carried on and yet by their absence apathy is certainly indicated. The meeting, desipte the important issue which had been reported far and wide, was attended by the smallest group in recent months. It can't be that we are not aware of the importance of keeping our streams stocked with trout and yet there must be some good and sufficient reason for the apparent lack of interest. Needless to say, the chamber of commerce will do all it can, but how much more effective it would be if there were more cooperation shown if only by mere attendance.

This week the Truckee High School will graduate 12 young men and young women. They have passed one of the most critical periods in their lives and are now ready to take one of the two roads open to them—the one which leads on to greater success or the smoother-appearing one which ends in failure. None of us can point the way. That decision is entirely in the hands of the class, but from the calibre of the graduates it is a safe prophecy they will not take the wrong path. At any rate we wish them all the best of good fortune.

Last week we called attention to the fact that the sanitary board had promised new debris collection cans for the main street, but had evidently forgotten them. This week the cans, such as they are, are in place along the sidewalk. That they are not the type of cans expected matters little, we suppose. After all a careful look will reveal there is a slot in the top in which small pieces may be placed if you desire. They are not much better than the old ones, but perhaps we should be pleased with them. They are better than none and after you get used to the idea of looking for that slot in the top, when they are not occupied you may find them ideal.

Whether you are a Democrat a Republican or neither, you have a right to exercise that great American priviledge of voting. But to vote you must be properly registered and there is no better time than right now. If you did not vote at the last to another precinct or wish to change general election or if you have moved your party affiliation, then you are required to reregister. It would be a good idea to find out now and get ready to do your stuff on August 31.

Six Are Injured In Auto Crashes In This District

Newlyweds In Hospital As Car Overturns On Pavement

FOUR OTHER INJURED

Driver Held For Trial After Pleading Not Guilty In Court

Six people were injured in two serious automobile accidents in this district over the weekend and as a result of one of them, one man is detained in the Nevada County jail awaiting trial on reckless driving charges.

A honeymoon trip of Mr. and Mrs. William Epperson, young Empire, Stanislaus county couple, ended in disaster near Mystic Saturday afternoon when the light car they were driving skidded on the wet pavement and overturned. They were taken to a Reno hospital. Both were painfully if not serioulsly hurt. The car was virtually demolished.

Mrs. Arnold Helgeson, 30 of San Francisco suffered a broken ankle and head injuries and three others, including her husband were painfully hurt when cars driven by Helgeson and John A. Burgeson, 47, of Wellington, Nevada, collided headon on the highway near Soda Springs.

Peter Chistenson, 27, a pasesnger in Burgeson's car, was badly cut on the face and head and suffered arm injuries.

Burgeson, arrested on a reckless driving charge when accused of being on the wrong side of the road, pleaded not guilty and was taken to Nevada City to await trial. The trial date was set for June 28 by Justice of the Peace C. E. Smith.

Sergeant Charles E. McKeen of the sctate highway patrol investigated both acicdents.

Reports of Convention Feature Regular Meet Of Parent Teachers Here

The regular meeting of the Truckee Union P. T. A. was held in the high school Friday, June 3.

Resolutions of state congress of the organization as passed at the convention were read. Room attendance was won by Miss Marion Lothrop for the high school and Mrs. Jennie Watkins for the grammar school.

The next meeting will be held at the opening of school in the fall.

The pre-school study group met in the Methodist Church yesterday with Mrs. E. G. Harris in charge.

ELECTRICIAN BURNED WHILE WORKING ON ELECTRIC LINE

Thomas Howard, former Truckee man now living in Reno was painfully burned on the left thumb when he contacted approximately 23,000 volts on a power line on the Reno route Monday afternoon. One of the telephone lines running parallel with the power line on which he was engaged in some manner "slopped over" causing the contact, it was reported.

Howard was rushed to Reno by Frank Gaiennie where he received treatment and is recovering.

Veteran Lookout On Martis Peak Returns to Post

Frank (Waddles) Maher, lookout at Martis Peak, east of Truckee for the past 20 or more years, is on his way to the earie perch where he can check for forest fires in more than half a dozen Nevada and California counties.

Awaiting the arrival of Maher are his huge family of chipmunks. Each spring the kindly guard takes many pounds of good things to eat to his pets. Last year Maher was disappointed to discover that during his absence someone killed his pet bear, but the chipmunks and squirrels have increased to even the score.

Maher stays on the peak all the summer months, coming down late in the fall after all dangers of fires have passed.

Bottcher Announces He Is Candidate To Succeed Self Here

Veteran Officer Again Out For Constable In Truckee

William (Butch) Bottcher, for the past 48 years a resident of Truckee and constable here for 24 years, this week announced he would seek re-election at the August 31 primaries.

Bottcher's record as a peace officer is well known not only here but throughout the entire country. During the 24 years he has held the office, Bottcher has handled many hundreds of cases from petty misdemeanors to murders and it can be said that he has at all times proven himself to be capable and efficient, never shirking the duties which fell under his jurisdiction.

In the fulfillment of these duties Bottcher has conducted the affairs of his office in an economical manner, saving the taxpayers considerable in fees, transportation and other costs which he is allowed as constable.

The duties of constable are not confined to keeping peace and order. It is also his work to serve papers, preside as baliff in the local court, keep the jail affairs in order and handle numerous other matters that seldom draw public attention.

In making his announcement, the incumbent declared that it was his desire, if reelected, to continue to serve the electorate as efficiently and economically as possible.

Darryl Gaiennie Leaves Navy to Come Home

Rarryl Gaiennie completed an enlistment of three and half years in the United States Navy recently and has returned to Truckee to make his home. He is the son of Mr. and Mrs. Frank Gaiennie and is employed by the Sierra Pacific Power Company.

Snider Flies East Upon Receipt of Word That Mother is Seriously Ill

Receipt of word that his mother was seriously ill, last week caused H. I. Snider, local forest ranger, to board a plane at Reno and fly to Illinois to be at the bedside of his aged relative. Mrs. Snider Tuesday was 80 years of age and little hope was held for her recovery. Latest word was that she was slightly improved but still in a grave condition. The patient is well known here, having visited at her son's home.

From San Francisco—

Mrs. A. R. Ghirard has returned from a few weeks visit in San Francisco.

Class is Graduated

Twenty-three members of Frank Gaiennie's first aid class have graduated and are awaiting their certificates from the American Red Cross headquarters in Sacramento.

High School Will Graduate 12 Here At Friday Program

Sacramento Man Will Speak At Exercises At School

Only 31 Vote In Truckee For Two School Trustees

Only 31 Truckee voters went to the polls last Friday to cast their ballots for the two school trustees. While neither candidate was opposed, the vote of confidence was expected to be larger.

Mrs. Dan D. Smith was reelected a member of the Truckee Grammar School and Mrs. Henrietta Weeks was elected to the Meadow Lake Union High School board.

At Hobart Mills where only 15 are qualified to vote, nine responded and cast their ballots for the two candidates.

The new officer assume their duties on the first of July.

Fish Raising Still Under Question As Meeting Draws Few

Indications Are that Chamber Will Assist In Raising Trout Here

While no definite action was taken, it was indicated at the Truckee Chamber of Commerce meeting here Monday t the Coffee Shop that the civic organization will arrange for financing Truckee's share of the money necessary to raise between 175,000 and 200,00 rainbow trout for planting in the Truckee river. Each year the town has cooperated with the San Francisco Flycasting Club in this project.

Suggestions were offered and it decided to take the matter up more in detail next Monday.

MRS. ELLERT LEAVES TO TAKE POSITION IN RENO OFFICE

Plans Made For Old Fashioned Celebration Here

Funds Subscribed To Fete Independence Day In Truckee

CHAMBER OFFERS AID

Details To Be Announced As Firemen Take Lead In Venture

Plans for an old-fashioned Truckee Fourth of July celebration to be held here July 2, 3 and 4, were formulated at a special meeting of the Volunteer Fire Department here last night.

While details will necessarily have to be worked out later, it has already been determined to make the celebration oustanding in every respect. One of the first features to be started will be a queen contest and all unmarried girls and women are urged to communicate with Chief N. F. Dolley or Secretary William Kocher and learn the details which will be announced later.

Another meeting will beheld tonight at which time committees will be chosen and further plans made.

Among other attractions, it was decided to erect a platform for boxing contests, band concerts, speakers and other features on Commercial Row near the S. P. Hotel. Races of all kinds, including horse races and other bames will be enjoyed.

Kocher and Elmo Granata are in charge of publicity and advertising while Kocher and Dolley are making arrangements for music. Dancing is to be feature both nights of the fete.

The celebration, Dolley said, will naturally involve an expenditure, but in one day's solicitation he raised a total of $400 which indicates the desire of the businessmen to have the celebration.

The chamber of commerce Monday agreed to lend all possible aid to the venture and assure its success. Frank Powell was named as the committeeman to work with the fire department and care for other arrangements for the chamber.

NO ROOM FOR TERRORISM HERE

The federal government owes it to the people of the United States to make a sweeping, non-political investigation of conditions in New Jersey.

According to reports printed in some of the country's most reputable newspapers and magazines, a virtual fascist dictatorship has been established there. Labor leaders have been refused permits to speak. Norman Thomas, the socialist leader, has been forcibly expelled across the New York line. Two congressmen who planned to speak there in protest against violations of civil liberties were advised that if they appeared, bloodshed seemed certain. Lastly, it is reported than an ominous anti-Semitic movement, almost Hitlerian in its brutal, terroristic methods, has started.

Irrespective of your political or social principles, there is no room for that sort of thing in a free country. Freedom of speech must be maintained—and it must be maintained for those with who you agree as well as disagree. It is high time that the administration took decisive action in a situation that menaces the basic principles upon which this Republic was founded.

MORALS OF GOVERNMENT AT STAKE

The investigation of the Tennessee Valley Authority is at last under way. In the opening sessions, a number of exceedingly grave charges affecting dictators, policies and activities of the Authority were made. In the course of the investigation, which will take a substantial length of time to complete, all parties involved will be heard, and will be given every opportunity to present their side.

The important thing is to make this investigation thorough and impartial. Charges and countercharges must be weighed not in the light of politics or of partisan considerations, but in the light of truth. Nothing relevant must be kept hidden No one must be whitewashed.

The senators and representatives on the investigating committee are charged with a grave responsibility. Few investigations in our congressional history have been as important. Far more is involved in this question than whether money was wasted or wisely spent, or whether the TVA has been administering efficiently or indifferently. The morals of government are inextricably involved in the TVA. And also involved in a great question of governmental policy that cannot help but affect every taxpayer, every worker, every invsetor and every private enterprise in this country.

Millions of thinking citizens will be watching to TVA investigation. They want the truth—plain and unprejudiced.

It is a thrifty and wise policy for the Truckee consumer to to deal with Truckee merchants.

Politically Speaking

by John W. Dunlap
United Press Staff Correspondent

SACRAMENTO, June 9.— (UP) — Now that the month of June has arived political candidates will have o stop sending up trial balloons and ome to earth by filing nomination papers.

After several busy months of talking and 'being drafted by my friends' Mr. John Politician must come out nto the open and file for office. He as from June 1 to 25 to post his ee an dfile his papers with the ounty clerk or registrar of voters.

The candidates got away to an unnen start but are rounding the first urn all even. For those interested ees range from the $200 required of he governor and United States sentor to $20 for state senators and ssemblymen.

Calling the field at the quarter ost, it is a safe bet that three men ill file for governor on the Republican ticket and as many as six among the Democratic army. For United States senator, four Democrats and hree Republicans appear to be the lineup.

The other offices on the ballot hould not provide much competition. Secretary of State Frank Jordan is oo entrenched to invite bets and Controller Harry B. Riley, Superintendent of Public Instruction Walter F. Dexter and Treasurer Charles Johnson should return to Capitol Hill It looks like Earl Warren against the field for attorney general.

There should be some scrimages or board of equalization seats, too ut let's try to chart the field for overnor and United States senator the races drawing major interest.

For governor (Republican):

Frank F. Merriam, the incumbent nd head of a well-knit organization s the logical choice for the nomination, He has invited criticism because of his vacillating policies but s basing his fight on "economy in government." Is conceded a heavy vote in the populous south.

George J. Hatfield, lieutenant governor, will make a close hace of it nd has been actively campaigning or some time. Has legion and some abor backing, a platform which dearts from the traditional Merriam onservative view, and able publicity.

Raymond Haight—also running as democrat and progressive and assure of a berth in the November finls. Polled 300,000 votes as third in ield of three in 1934 and hopes to ull liberal votes from Democrat ulbert L. Olson.

For governor (Democrat):

Culbert L. Olson— Los Angeles ounty state senator, leans toward abor and general liberal platform, as platform appeal and is given est chance to go into the finals.

John Dockweiler, congressman from Los Angeles, has good campaign organization and political name, but religious affiliations and unfamiliarity in north may hurt chances.

Daniel C. Murphy—San Francisco sheriff with wide following in conservative labor and business circles. Considered strongest in north.

J. F. T. O'Connor— Former U. S. Comptroller of currency, best known in Los Angeles, has name none too familiar in state as whole.

Herbert C. Legg— Los Angeles supervisor claiming a large southern following but not yet impressive in north.

Col. William Neblett—former law partner of William Gibbs McAdoo and a doubtful starter.

For United Senator (Republican):

Ray L. Riley, former state controller, if favored over agriculturist Phillip Bancroft, and Louise Watkins is also in the field.

For United States Senator (Democramtic):

Incumbent McAdoo, riding crest of personal endorsement from President Franklin Roosevelt, is the favorite but good opposition cannot be denied from Pierson Hall, John W. Preston and Sheridan Downey.

Hall aws usted by McAdoo as United States Attorney in Los Angeles

CHAMBERS LODGE OPEN FOR SEASON ON LAKE TAHOE

CHAMBERS LODGE, June 9.— Chambers Lodge, one of the lake's most popular vacation spots was officially opened this year on May 28. On May 25th, however, Dave Chambers, the manager and owner, courteously extended the hospitality of his resort to Richard Archbold, millionaire explorer and his crew of five who arrived here unceremoniously in their big twin-motored flying boat to make important tests on Lake Tahoe before their record-breaking takeoff for New Guinea. Excellent dining service, comfortable modern rooms and cottages and a spacious sandy beach and clubhouse make Chambers Lodge an ideal summer playground.

Mr. and Mrs. MacDougall and family of Sacramento were visitors in Tahoe over the week end. MacDougall was the man who supervised the installation of Tahoe's golf links here eight years ago.

PROGRESS OF NEW CLUBHOUSE SHOWN DURING MEETING

TAHOE CITY, June 9.— Twenty-three persons attended the first meeting in the new community center hall on Monday night. Henry F. Droste presided, Mrs. George Bliss read the minutes of the past meetings in order that those present might acquaint themselves with the progress made to date. C. W. Vernon, treasurer of the new center, read a report of money collected and disbursed to date. Although figures are not complete at this writing and a great deal of time and labor donated to the good cause must be approximated, excellent headway has been made with the entire project, surpassing even the fondest hopes of the most optomistic.

Roughly, the actual cash cost of the new center, minus donations and discounts, amounts to $5,729.69. The total amount of donations on Monday night had reached $2,632 with at least another $600 or $700 anticipated before the peak in reached. The five trustees, Henry F. Droste, A. M. Anderson, Mrs. George Bliss, C. W. Vernon and Mrs. A. M. Henry, who have the entire responsibility of raising and disbursing funds for the project, have paid out to date a total of $2,061.65 with a balance of $536.85 remaining still in the bank.

The actual monetary value of the building, minus furnishings, is placed at around $6,266.69. Approximately $3,900 is still owing, which with the balance of $500 in the bank and $600 still to be collected, would leave a balance of around $2,800 which must be borrowed from the bank to complete the transaction. Droste, chairman of the meeting, sponsored a motion extending to Norman R. Mayfield, the man who has given so freely of his time, energy and talents in supervising erection of the center a resounding vote of thanks in behalf of the members of the new center and all those who will stand to benefit through usage of the new building.

When furnished completely the structure will well be worth $8,000, but through the tireless efforts of those at the helm, including Mrs. Bliss, whose letters to property owners and business firms have received such generous response, the entire structue will cost the residents only the amount to be borrowed. Also receiving heartfelt gratitude are all those persons and firms who donated so freely time, labor, material and money, making the new center a possibility at low cost, beautifying the town's main thoroughfare and bringing to life the realization of a long planned civic dream.

A motion was made and duly carried that the board of directors now serving be retained. Mrs. H. D. Worden and Mrs. W. A. Simmonds asked to be replaced on the board, substitutes being Mrs. C. O. Valentine and Mrs. Joe Duffee.

The other nine members are Messrs Droste, Anderson, Weller Atherton, Carl Bechdolt, C. W. Vernon, Norman Mayfield and Mesdames George Bliss, Eleanor Swanson, Marie Henry.

Unless objection is raised the same five trustees now serving will remain at the helm of the community center.

Applications for memberships are now open, any person eligible to join or attend any of the meetings scheduled to be held in the hall.

The matter of determining what rental shall be charged for the use of the hall is being decided within the coming week, and will be announced later.

Sunday School Classes Will Be Held At Lake In New Civic Center

TAHOE CITY, June 9.— Sunday school will be held for the first time in the new community hall on Sunday, June 12, the minister in charge of the regular sessions being Rev. C. W. Graves of Reno. Mrs. Nora Hevel will be his assistant and the teachings of the group are to be non-sectarian. All are welcome to attend at 10 a. m. each Sunday.

The Catholic Church at Tahoe was opened for services last Sunday and will continue to hold services from now on through the summer. Mass for the time being will be at 10:30 a. m. only. Father William Daly of Truckee will serve.

CAL-VADA READY FOR BIG OPENINGS AT CRYSTAL BAY

CRYSTAL BAY, Nev., June 9.— All is in readiness for the seasonal opening of Cal-Vada tonight and for the second gala affair on Saturday, according to Manager Johnny Rayburn, who with Fred Reiselt and Larry McKelvey, has charge of the popular resort.

Many have made reservations for both nights and both Thursday and Saturday promise to be great nights for patrons. Special music entertainment and a cuisine fit for a king have been arranged for the two big nights.

Major A. P. Crist and family have arrived from Oakland to summer at their Tahoe Pines home.

PRUSSO'S FOREST INN WILL HAVE OPENING SATURDAY

TAHOE CITY, June 9.— Prusso's Forest Inn on Ward Creek, Lake Tahoe, popular and distinctive rendezvous for the elite, will open its doors to the public on Saturday, June 11 at 7 P. M. For weeks an anxiously awaiting following have been making inquiries, opening date this year having been deferred considerably due to the overlingering of old King Winter in the lap of Spring!

Already famous statewide, although inaugurated only a year ago is Prusso's Terrace Blue which derives its name from the beautiful rock fashioned front porch canopied in brilliant blue, fringed with white. Here in the cool fragrance of the afternoon or evening in an atmosphere of quiet restfulness, one may relax and enjoy the perfect combination of excellent cuisine served in courteous efficient manner in harmonizing surroundings —water from the cooling fountain trickling over rock, through fern, on the flower bordered porch—the murmer of nearby Ward creek blending with the subdued harmony or orchestrations. The Terrace Blue will be available by July 1 this year and is especially desirable for private birthday, anniversary, wedding or bridge parties.

Assisting this year in the upholding of the inviable reputation the resort hasenjoyed since its initial opening will be most of the personnel from last season including Johnny Milan, chef, formerly of Los Angeles and San Francisco and Adolph Marchetti in the dining room. Miss Theda Prusso, recent arrival from Oakland, will also be on hand to assist.

In the cocktail lounge a new face will be seen this year, Gus Mellana of the Club Moderne, San Francisco, the new skipper in charge. The same finest quality stock will be maintained. The tiny parasol favors so popular last year with the feminine patrons, have again been ordered.

Prusso's will continue to feature charcoal broiled steaks and chops, frog legs and Snake River trout dinners. Early morning breakfasts will be discontinued this season although that meal midway between breakfast and luncheon popularly known as brunch will be available. The dining room will beopen daily from 10 a. m. until 11 p. m. daily.

Tables for the opening night should be reserved in advance. The gleaming white doilied, candle lighted, lacquered tables may have to go undecked with the usual spring flowers this year, as none have bloomed to date in the local meadowlands.

If you enjoy quality food served in the distinctive Prusso manner, join the merry party at Prusso's on June 11.

Sheriff is Visitor—

Sheriff Carl Tobiassen was an official visitor here last Saturday.

MOTORIST SENTENCED TO JAIL AFTER STRIKING GRASS VALLEY AUTO

GRASS VALLEY, June 9.— While en route to the Tahoe region on Sunday Henry Ross Smith, accompanied by Robert Larimer, both of Grass Valley, were run into on Highway 40 by R. W. O'Leary of Winters, who allegedly was traveling on the wrong side of the road. Both machines were badly damaged as a result of the collision and were temporarily put out of commission.

Smith reported the accident to the California highway patrol officers who were on the scene in short order and O'Leary was placed under arrest with a charge of reckless driving against him.

The following day he appeared in Placer county court and pleaded guilty and was sentenced to pay $100 or serve 50 days in the county jail. He was remanded to the sheriff of Placer county when the fine was not forthcoming.

Miss Agnes Soll officially opened the Homewood telephone exchange for the summer on June 1 and has as her assistants theis year two sisters Misses Lylas and Marilyn McCutcheon of Sacramento.

"Ye have need of patience"

MANY persons are ready to admit that they have need of patience. Some are earnestly striving to cultivate it, and occasionally someone may feel that he has measurably succeeded in realizing it. One engaged in any legitimate pursuit may exercise this quality in the sense of perseverance or endurance in working toward some desired end. But in other respects it enters into one's attitude toward affliction, provocation, or any evil, either as a negative, passive endurance or else as a positive spirit of fortitude, meekness, and unconquerable trust in good. It was in the truer sense that the writer of the epistle to the Hebrews, after referring to the "great fight of afflictions" which they had endured, said to the Christian converts: "Cast not away therefore your confidence, which hath great recompense of reward. For ye have need of patience, that, after ye have done the will of God, ye might receive the promise" (Hebrews 10: 32, 35, 36).

The world has witnessed many fine examples of forebearance of one toward another, in view of another's seeming faults, infirmities, or need for comfort or care; examples of courage necessary to face difficult conditions with a calm expectation of some desirable outcome, and of a kindliness maintained under vexatious stress. Indeed, in all such instances of discipline patience is equivalent to an undaunted confidence in something higher and better than the troublesome error. And this shows that good is ever present, and that it is in some measure grasped and manifested by right-thinking persons.

Much greater, then, is the impetus toward "patient continuance in well doing" (Romans 2:7) when, through Christian Science, good is discerned as divine Principle to be understood and demonstrated; when it is seen that we need patience toward ourselves, as we seek in calm perseverance to know the spiritual reality, so that after we "have done the will of God" we may "receive the promise."

What is the will of God, and what are the promises to be fulfilled, as our thoughts are conformed to His will? These are questions we need to consider, that we may learn wherein we "have need of patience." Cultivating a calm, steadfast character is praiseworthy; but gaining true patience means more than this. It means persevering in the effort to understand God and man, so that in all our common or unusual experiences we may express the truth which we know to be real, and thus face all things not only with kindliness, but with power, the power of reflected love, which heals discordant conditions. . . .

This view of patience as a quality we need in working out our own salvation from material self and sense, helps us to be truly forbearing toward others, for in striving to conform to divine Principle we more clearly see as unreal the conditions which tempt us to impatience, discontent, weariness, resentment. And in healing our own thoughts we are in that measure bringing the healing truth to discordant conditions and to all involved therein.

Our great need is to understand God and man and faithfully apply our understanding, looking to good with unconquerable hope and love. This we must do; this alone helps us to overcome our difficulties. Mary Baker Eddy says in Science and Health with Key to the Scriptures, "The Divine Being must be reflected by man,—else man is not the image and likeness of the patient, tender, and true, the One 'altogether lovely;' but to understand God is the work of eternity, and demands absolute consecration of thought, energy, and desire."

We must not be impatient with ourselves when we feel that our footsteps in knowing God are halting and our progress slow. We must remember the perfect beauty of the goal. And since we are working out this great problem of being in association with others in all manner of human affairs, we have need of patience as kindliness of heart which furthers our own realization of good and our own release from false belief, while it also extends the healing influence of divine Love to all concerned and ameliorates the friction of human will.

In his epistle James speaks of the husbandman who "waiteth for the precious fruit of the earth, and hath long patience for it, until he receive the early and latter rain;" and from this lesson he draws the admonition, "Be ye also patient; stablish your hearts for the coming of the Lord draweth nigh" (James 5:7, 8). The great purpose to know God and man aright, to lay aside the false sense of self, calls for the sublime serenity which is ever upborne by the assurance that whatever is unlike God is being conquered. . . . —*The Christian Science Monitor.*

Flyers on Way to New Guinea Jungles

The six flyers and scientists shown above with their $250,000 "flying laboratory," having completed a hop from San Diego to Honolulu, now plan to span uncharted air lanes to Dutch New Guinea, where they will spend two years studying jungles never before seen by white men. Dick Curneen Will Be Candidate For Superindent Job

A. R. "Dick" Curneen, widely known educator and instructor in the James S. Hennessy School in Grass Valley, this week told the Sierra Sun he would be a candidate for the office of county superintendent of schools at the August 31 primary election.

Curneen needs no introduction in Truckee being a frequent and welcome visitor here where he has many friends.

In making the decision to seek the county superintendency, Curneen has received and acted upon favorable solicitations of scores of friends and believes that he will bring to the important office qualifications of actual teaching experience and public teacher relationship; business training which will serve well in the routine work of the county office and administrative capacity based on consistent study and instruction at the secondary insitutions of the state.

Curneen is one of the best informed men on county and state affairs. He has been identified with prominent political organizations in the county and state, serving as the secretary of the Democratic Central Committee. He is also associated with many fraternal orders and has been a ceaseless worker in the service clubs and civic organizations.

His educational qualifications include principalship of the Gold Flat School for two years and a member of the elementary faculty in the Grass Valley school district for ten years. He has never failed to attend summer sessions at one of the state's colleges during the decade, keeping well informed on all advances made in educational work.

Curneen has just been issued an administrator's credential making him eligible of supervisorial and administrative positions as one fully and completely trained and recommended.

It is Curneen's plan to make a thorough canvas of the county and approach every elector to ask support for his candidacy at the polls.

WARNING ISSUED FOR VIOLATING LAWS IN FOREST FIRE DISTRICTS

Forest fire prevention restrictions in the Tahoe National Forest started in full force on June 1, DeWitt Nelson, forest supervisor, announced last week. Strict enforcement of the camp fire permit, no smoking, fire works and shovel and axe regulations is promised.

Campfire permits required of all persons building a campfire in the forest may be obtained at the forest stations or automobile club offices. Smoking will be prohibited except at camps, places of habitation and posted areas. A shove and axe are required for each car or pack train traveling in the forest except through the area on trunk highways.

Nelson said the rangers have placed "Smoke Here" signs in a number of areas. Routes used by recreationists have also been "fire proofed" as far as possible.

RUSTIC SIGNS ARE BEING MADE TO REPLACE OLD ONES IN TAHOE FOREST

The style for signs is decidedly rustic this year, DeWitt Nelson, forest supervisor at Nevada City said, at least so far as the Tahoe National Forest is concerned.

A. C. Files, who had had considerable experience in the northwest in the manufacture of rustic signs, has just accepted an assignment to the Tahoe forest for this purpose and has already turned out a considerable number, Nelson reported. The present type of sign of baked enamel road and trail signs will be discarded, he said, but all forest entrance signs and directional and convenience markers at the public playgrounds will be of the new type. They can be produced economically and are just as legible as the enameled type, and will harmonize a great deal better with the surroundings and at the attractiveness of the camps, in the opinion of Nelson.

The lettering is cut in redwood and cedar slabs with an electric router and then filled in with aluminum or orange paint to give the signs more visibility.

PHONE LINES ARE IN BAD CONDITIONS IN FOREST

NEVADA CITY, June 9— District rangers are finding considerably more damage to telephone lines by the winter snows than had been estimated, it was stated by Supervisor DeWitt Nelson, forest supervisor at Nevada City. Nelson states that as the rangers are progressively able to reach telephone lines in the back country, he gets increasing requests for funds with which to do maintenance work. In a great many places the lines are entirely down, poles broken or brackets and insulators torn off.

776 UNEMPLOYED WORKERS IN NEVADA COUNTY ARE BENEFITTED BY CHECKS

SACRAMENTO, June 9.— The state department of employment distributed $2,229,809.33 in unemployment compensation benefit checks during the month of April.

Checks distributed in Nevada County numbered 776. The amount of funds distributed in April for the month totaled $9284.97.

This nnouncement was made last week by John F. Chambers, Oakland, member of the Unemployment Reserves Commission who represents labor.

Chambers said the commission, acting under orders from Gov. Frank F. Merriam, is steadily stepping up production of the unemployment compensation checks, as evidenced by the fact that during the month of April a total of 233,655 checks were produced by the department totaling the sum mentioned above.

The unemployed workers in Los Angeles received 40,517 checks totaling $388,041.86. This was the largest distribution in the state. San Francisco was second with 29,072 checks totaling $282,728.14.

Employed Here—

Miss Marguerite Souchereau of Reno has arrived in Truckee and is now employed by the Truckee-Tahoe Lumber Compny. She is a former resident of Hobart Mills.

Visit in Grass Valley—

Mr. and Mrs. E. C. Murray, accompanied by Edwin Murray, Sr., and Mrs. Hannah Stewart, all of Hobart Mills visited relatives and friends in Grass Valley on Sunday.

Located in Fresno—

Mr. and Mrs. E. K. Wilson are now located at Fresno where Wilson is employed in a lumber yard. The Wilsons are former residents of Hobart Mills and have spent the winter at Gold Run.

McIVER SUED FOR $3200 FOR ALLEGED FAILURE TO FILL TREE CONTRACT

NEVADA CITY, June 9.—There was held yesterday in the public hearing room in the court house an extra session of the superior court with Judge Raymond McIntosh of Sierra county presiding.

The action was brought against James McIver, Jr., by Leo Lockshin to recover $3200 damages for failure to deliver Christmas trees in accordance with a contract made between plaintiff and defendant.

Carl Tobiassen To Again Seek Post At County Election

With a promise to continue the same rugged administrative tactics that have characterized his term in office, Sheriff Carl J. Tobiassen this week announced his intention to seek reelection at the August 31 primary.

Perhaps no sheriff of Nevada county has had to deal with prolonged conditions of equal intensity and equal potential and untoward events than has Sheriff Tobiassen with reference to the so-called labor troubles prevailing for several months and of particular severity during 1938. That his handling of the situation has met with approval both at home and throughout the state must be apparent to the unbiased observer.

The term of the sheriff has also been marked by criminal incidents of outstanding character and baffling of solution. Here once more the work of Tobiassen has been beyond any fair criticism. One of the outstanding features of his administration was the apprehension of the Newman brothers, who were arrested in Colorado after a six-months chase and after trial were sentenced to serve life imprisonment.

Many other cases have been handled efficiently and well by the sheriff and it is on this record of fulfillment of his every duty that Tobiassen is placing his name before the voters.

The new jail, pronounced one of the best in California, was constructed during his administration and the sheriff's office in connection therewith is modern and up to date in every respect. Radio equipment that has brought to book mank offenders who otherwise may not have been captured, has been installed. The sheriff's automobile and those of his deputies are equipped with the radios, thus placing the office always in touch with the other officers and citizens.

Among other worthwhile attributes, Sheriff Tobiassen has demonstrated that he cannot be bluffed from the pursuance of his plain duty; conversely, when the circumstances warrant, he is the most sympathetic of officials.

Tobiassen is wide and favorably known in the easetrn as well as the western part of the county. He is a frequent visitor here and has many friends and admirers who will be pleased to learn that he seeks another term to the office which he has filled so well.

Tobiassen has his home in Grass Valley. He is married and has five children, the oldest a student in the University of Nevada.

Winning the Prize

HEALTH, harmony, security, joy, and freedom are today within reach of the spiritually scientific thinker. If we continue to believe that these desirable states are to be found in matter, or are to be gained by means of material methods, we are already losers in the race. To believe that the determined human will is a factor in successful living is a mistake which tends to rupture the harmony of mankind. Success, when built upon a foundation of materiality, is temporary and may be likened to the house built upon the sand: "And the rain descended, and the floods came, and the winds blew, and beat upon that house; and it fell: and great was the fall of it" (Matthew 7:27).

Is not a prize or goal a point toward which we direct our thoughts and efforts? In the world of sports the goal is a winning-point, a definite line, a fixed limit. In the world of thought goals assume greater importance; and in the universe of spiritual understanding, the possible unfoldment of the truths about Life, Truth, Love, and of man as God's image and likeness, is without limits. In the divine universe every right thinker is a prize winner. Every good motive or aim has its reward, since every spiritual thought carries with it joy, peace, abundance, health.

In the human sense of life mankind strives to achieve a competence, health, harmony. Too often, in spite of sincere efforts, the goal seems always just beyond one's reach. The proverbial ship with its cargo of rich rewards seems long overdue, or perhaps fades away on the horizon. Hope erelong becomes a cheat. But human sense,—human outlining, human sacrifice, human will,—is the foundation of sand upon which no one can successfully erect a permanent structure. It is only upon the rock of spiritual thinking that one may build a right sense of life, may achieve permanence, peace, security, and win the prize of harmonious existence, of eternal life and joy, through understanding God's allness.

The Scriptures offer a rich field of reading and study. In them we find practical wisdom, inspired directions for, and illuminating illustrations of, constructive living. . . . In Science and Health with Key to the Scriptures (p. 462) Mary Baker Eddy says, "Whoever would demonstrate the healing of Christian Science must abide strictly by its rules, heed every statement, and advance from the rudiments laid down. There is nothing difficult nor toilsome in this task, when the way is pointed out; but self-denial, sincerity, Christianity, and persistence alone win the prize, as they usually do in every department of life."

Christian Science teaches, as does the Bible, that man's origin is spiritual, not material. It teaches that hatred, envy, revenge, greed, malice, anger, are inflammatory states of thought. Like poison, these false beliefs cause the distress, inharmony, loss, and death which seem to afflict mortals. Wherever fear or greed enter into a human problem, there enters also inharmony—disease of body, mind, business.

Honesty, sincerity, generosity, simplicity, righteousness, carry a cargo of riches only dimly seen by mortals. Truthfulness, temperance, gentleness, coupled with the spiritual understanding of Life as God, and of man as the reflection of Life, bring us each day greater evidence of supply, health, peace.

It seems easier to desire freedom from distress than it is to gain the corrected mental outlook, the spiritual point of view which confers a realization of present harmony. Every amateur begins with the simple rudiments of the art in which he desires to become proficient. Every prize winner expends countless hours upon practice, constant repetition of those rudiments which are the foundations of his or her success. Divine Mind, God, is the source from which we may draw unlimited ideas, and these ideas are practical, powerful, productive. These ideas spontaneously appear to the consciousness which is practicing right, truthful, spiritual thinking.

Holding in thought an inharmonious past, fearing a dark future, living today in a sense of fear, confusion, doubt, or of distrust in God's omnipotent love and tender care for His children, what can our outlook be? Surely, not a healthy, peaceful, secure state of mind! The false sense of life as being of or in matter can be removed from our lives by understanding spiritual truth. . . .

Paul wrote for the encouragement of mankind (Philippians 3:13, 14), "Brethren, I count not myself to have apprehended: but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

Tahoe . . . . Ramblings . .

(By SWANEE)

Robert Ramage, Arizona miner and brother of Mrs. Van Nessa Prusso has returned to Tahoe and is assisting in preparation for the reopening of Ward Creek's famous Forest Inn.

Constable Harry Johanson of Tahoe parted with the last of his pet huskies of the once beautiful team this week when he sold the animal, Sasko, to George Whittell of Sand Harbor. Only his lead dog, Nero, remains as a pet. He and Fellow, Johanson's new saddle horse have become fast friends

Miss Jacquelyn Miller of Moreland Notre Dame Academy, Watsonville, arrived on Monday at the home of her mother, Mrs. C. A. Swanson.

On Sunday Miss Marie Miller, Ernest Cerveri and Ernest Mery of Reno enjoyed the day at the Swanson home where Carl Brooks of Brockway was also a dinner guest.

Lucky fishermen during the past week or so were Mr. and Mrs. A. Chettick of Monterey Park who brought in a beautiful 11 pound mackinaw while enjoying a tour of the lake in front of Valentine's Lodge where they were guests. Their neighbors, Mr. and Mrs. Arthur Olson, at Valentines brought in the same weight in fish only not all in one piece. Both families declared their luck a perfect finish to a swell vacation trip. The Olsons are from Hughson.

Mrs. Bud Mandeville of King's Beach is resting comfortably in a Grass Valley hospital where she underwent an operation more than a week ago.

Tahoe pupils, both high and grammar, were delighted on Monday morning to discover a fine new yellow 42-passenger bus stopping t their doors to tke them to school. The bus which belongs to the Placer Junior College has outgrown its usefulness in the Auburn distirct as the pupils were too large to fit in comfortably so as an experiment it was sent to Tahoe for a two weeks tryout. The driver from Auburn came along with it and is instructing Mrs. Stella Watson in the intricacies of its mechanism. Mrs. Wtson's contract for transportation does not expire until July 1 are she has been reported by her instructor as a capable driver for the new vehicle. Including the high school pupils is an inovation here, the county allowing so much per student for their transporation by special agreement. Tahoe is indeed fortunate in acquiring this new convenience.

Mrs. John Reedy of San Francisco arrived on Saturday to open her summer home in the Timberland Tract She was accompanied by her sister Miss Ann McDonald of Stockton and her niece and husband, Mr. and Mrs Martin Gastman of Sacramento who will vacation with her indefinitely.

Mr. and Mrs. J. Charles Harris of Oakland on Saturday motored to Tahoe from Oakland where they spent most of the winter. They are again occupying their summer home in the Timberland Tract for the summer.

Mrs. William Wathen of Tahoe on Monday motored to Auburn accompanied by the four local graduates from the eighth grade, Robert Wathen Betty Blossom Tidwell, Edith Tarwater and Stuart Pyle. They participated in special program given for members of the elementary graduating classes of Placer county. Diplomas were distributed in Auburn by Mrs. Portia Moss, superintendent of schools.

Leo Perelli, Tahoe's golf pro of the Tahoe links has been in town for several weeks now, working daily to get the local greens in the pink of condition for the large crowd of golfers who spend much of their vacation time practicing up on their game.

TAHOE MAN HURT AS CAR WRECKED BY HIT-RUN AUTO

TAHOE CITY, June 9.— John Franklin, caretaker for Mrs. George Walker of the Truckee River, was painfully injured last Wednesday night while returning home about 9:30 p. m. in an automobile accident

The accident occurred about a mile and a half from Truckee on the straightaway a short distance south of the railroad underpass. Franklin declared that another car had struck him, turning his car around several times, leaving him unconscious in the wreckage. The offending driver failed to stop and render assistance.

Constable Harry Johanson in conducting a private investigation to determine the identity of the hit and runner who will be prosecuted if caught. Parts of the escaping car, left at the scene of the wreck, are the only clues. Franklin was discovered at about 9:30 by Joe Henry, Joe Duffee and Norman Mayfield who were returning home after a Lions Club meeting in Truckee. Duffee took the injuerd man to the office of Dr J. H. Bernard for treatment of head lacerations and cuts and bruises, while the others notified Mrs. Walker and Fre dKohler, the latter returning to the physicians office to bring the injured man home. The wrecked truck was covered by insurance and Mrs Walker has purchased a new Dodge ton and a half truck from the Truckee Garage.

NARROW GAUGE RAILROAD IN $25,000 DAMAGE SUIT

GRASS VALLEY, June 9.— George Wilbur has filed suit in the Placer County Superior Court against the Nevada County Narrow Gauge Railroad for $25,000 because of injuries he states he suffered in an accident in Nevada County November 10, 1937 when a train on which he was working was derailed.

He contends the accident, which he says left him unable to work, was caused through carelessness on the part of the defendant.

NORDEN NEWS

Recent arrivals in Norden include Raymond Littlejohn and wife of Roseville, recently married and will make their home here indefinitely where he is employed.

Pete Backarich and Ernest Olson of Tunnel Six both grought in good catches of trout over the weekend Pete Bacharich was lucky to have one German brown and one rainbow while Olson caught a Loch Leven This has placed the spring fever in many more fishermen of this section and next weekend should produce better results.

With the advent of summer the Norden fire train was placed in service this week for the season with Engineer Nagle and Fireman Myrick while the train crew consists of Conductor Troxel and Brakeman Stout being assigned to the jobs by bulletin.

Harold Boomer of Sacramento arrived in Norden on Monday where he will be in charge of one of the cranes in the bridge and building department for the summer. His family will arrive next week after school vacations for the summer.

Several Norden residents were on hand for the Eastern Star meeting in Truckee last Saturday.

Attending to important business last wek in Sacramento took of the spare time of August Awischus of Tunnel Six.

Mrs. Charles Painter of Truckee was a visitor at the Oakes Hensley home on Tunnel Six terrace this week.

Attending business for several days in Sacramento John C. Lyons of Norden is still absent from the community.

The Miles Curran family of Roseville were in Norden last Saturday renewing acquaintances.

Summer is officially on hand in these parts from the usual summer showers and the advent of straw hats seen in profusion since the temperature has decided to soar to higher levels.

Mr. and Mrs. Ernest Johnson of Norden were in Colfax on business early this week.

Mrs. Frank Slater returned on Monday after several days in Sacramento.

Many friends were present last Saturday evening at the home of E. M. Johnson, the occasion being a birthday party in honor of Mrs. Johnson.

BIDS ARE OPENED FOR ADDITION TO TAHOE CITY SCHOOL

TAHOE CITY, June 9.— Bids on the new wing of the local school house will be opened Tuesday night June 7 at the school. The board reserved the right to reject any or all bids. The room will be built onto the east side of the present primary class room and will be of approximate size. Its addition is necessitated by the rapid growth of Tahoe's population during the past few years. The elementary grades have been using the assembly hall for classes for some months past due to the overcrowded condition.

ADMINISTRATIVE GROUP FROM SACRAMENTO IN CONFERENCE IN COUNTY

GRASS VALLEY, June 9.—Headed by Earl Lee eKlly, director of public works, a group of administrative officers drove up from Sacramento last Monday eveing and met with a select number of Nevada County Republicans to plan the Merriam for governor stategy in Nevada county at a dinner held at the service club room in Bret Harte Inn.

Paul Ullrich, chairman of the Nevada County Republican Central Committee and reputed chairman of the Merriam campaign in Nevada County presided at the dinner meeting.

BOY SCOUTS WILL CAMP AT INCLINE ON LAKE TAHOE THIS SUMMER

RENO, June 9.— Approximately 1500 Boy Scouts, representing six California Scout councils will hold a summer camporal at the Incline public camp grounds on the shores of Lake Tahoe, according to Harris Ricksecker, Boy Scout executive for the Donner Council area at Auburn.

The camporal will be composed of troops which have made class A in camporees, the ratings depending upon demonstrated knowledge of camping, cooking, personal manufacture of camping equipment and conveniences and eam work. Each of the 240 parcls expected to attend will be assigned an area and will establish and police its own camp and do other work.

an dis leading aspirant for the veteran legislator's seat. Downey, former Epic favorite son and a liberal, is conceded more strength than Preston, former state supreme court justice, but hardly enough to overtake McAdoo and Hall.

From a political standpoint, anything can happen in the stretch drive. It's every man for himself.

Pioneers Celebrate 60th Anniversary

On June 3 Mr. and Mrs. William Brown, above, of Fiddletown, Cal., were married 60 years. She was born and reared in Grizzly Flats, heart of the Mother Lode country. He came from Missouri in a prairie schooner. For longevity they advise oldsters to "take it easy," sew and play solitaire as they do, are confident they will celebrate their 75th anniversary. He is 99, she is 78.

Carter Seeks To Be Elected Sheriff Again

As much at home in Truckee as he is in the familiar streets f his home town, Nevada City, George R. Carter, former sheriff of Nevada County, was receiving congratulations of friends here a few days ago upon announcement of his candidacy for election to the office of sheriff. His name will appear on the ballot at at the election on August 30, 1938. Formal announcement of his candidacy is made in another column of this paper.

Perhaps no citizen of Nevada county at this time holds such a record for policing duties as does George Carter. His debut as a law enforcement officer was made in 1919, when, returning to the United States from overseas duty with the American Expeditionary Forces in the World War, he became deputy to Sheriff John R. Martin who held office at that time. In 1926 he became candidate for the office of sheriff and was elected by a highly complimentary vote. In 1930 he was returned to office to serve a second term. Since 1934 Carter has been connected with a prominent bonding house in the capacity of a private investigator.

Carter is a native of Nevada county and has spent nearly his entire life in the shadow of the Sierra Nevada mountains. He has always been a booster for winter sports assets offered by the Truckee area and has done much in the way of contributing to successful winter seasons here.

Carter carved a worthy niche as a peace officer in direct service to the county as sheriff. During his eight years in office arrests made by him an dhis deputies numbered well over 800, ranging from misdemeanor to murder—including the capture of the infamous Leung Ying, crazed Solanc Chinese killer of ten, who was captured by Carter in Nevada county.

As sheriff, Carter insituted fingerprintaing and Bertillion measurement checkup of prisoners. A student o fsuch detection this stood him well in many cases where arrests followed his quick perception of fingerprints. He also inaugurated Nevada County criminal photography—another branch which proved an aid in apprehension of criminals.

An investigation by Carter, after retirement from office, resulted in apprehension and confession of Arnold Munchauer, youthful slayer of Oscar Jacks in Grass Valley section.

Carter's ready knowledge of Nevada county is an established fact and aids him in familiarity of terrain inviting to lawbreakers. That he is fearless and of steely nerve is mutely testified to—not only by coolness in performance of duty but by the honor bestowed upon him by the United States for bravery under fire in the war. Upon a soundly created platform of duties well performed, paramount experience and a county well served, Carter makes his appeal to the voters.

MANY ERRORS

SACRAMENTO, June 9.— California employers have submitted approximately 15,000 employee earnings records for the first quarter of 1938 on which error exists in the Social Security account numbers.

Carlton B. Tibbetts, member of the Unemployment Reserves Commission, said these errors will cause confusion until straightened out by the department.
